

## **NCOP to assess Western Cape service delivery**

The National Council of Provinces (NCOP) hosts the Provincial Week in the Western Cape from 8 to 12 September 2014 themed: *'Together making service delivery work for our people'*.

The National Council of Provinces' Western Cape delegation met earlier today (9 September 2014) with the Premier, South African Local Government (SALGA), whippers and relevant MECs.

The purpose of the meeting was to receive a service delivery report from the provincial executive on the state of service delivery and service delivery protest hotspots in the province and progress made in addressing service delivery challenges (the full programme for the week is attached).

Western Cape NCOP permanent delegates, accompanied by the Western Cape Provincial Parliament (WCPP) leadership invite stakeholders and interested parties to attend a public meeting on service delivery. The purpose of the public meeting will be to assess progress and discuss challenges in connection with infrastructure development in terms of the provision of human settlements, clean water, sanitation and electricity.

### **Details are as follows:**
