

DRAFT COMMITTEE REPORT

The Public Accounts Committee (PAC), having considered, as part of its oversight role, the 2021/2022 Annual Reports of the 13 departments of the Western Cape Government (WCG), including their entities, wishes to report as follows:

1. Introduction

The core functions of the PAC comprises of the following mandate (according to Standing Rules 99-102 of the Western Cape Provincial Parliament (WCPP)):

- 1.1 The Committee on Public Accounts must examine:
 - 1.1.1 The financial statements of provincial departments and provincial public entities;
 - 1.1.2 Any audit reports issued on the statements;
 - 1.1.3 Any reports issued by the Auditor-General on the affairs of any provincial department or provincial public entity; and
 - 1.1.4 Any other financial statements or reports referred to it by the House.
- 1.2 may report on any of those financial statements or reports to the House;
- 1.3 may initiate any investigation in its area of competence as stated in paragraph 1.1.1; and
- 1.4 must perform any other functions assigned to it by legislation, the Standing Rules of WCPP or resolutions of the House.

When the PAC examines the financial statements and reports of departments and their entities, it must take into account the previous annual financial statements and reports, including all governance matters which could impact on the audit outcomes of departments and entities and report on the degree to which shortcomings have been rectified.

2. Departments that reported to the Public Accounts Committee

The financial statements included in the annual reports for the financial year ending 31 March 2022 of the following provincial departments were examined -

- 2.1 Department of the Premier;

- 3.8. CapeNature
- 3.9. Heritage Western Cape;
- 3.10. Western Cape Cultural Commission; and
- 3.11. Western Cape Language Committee.

4. Transversal Departmental resolution

The Committee has formulated transversal resolutions for the attention of all departments and entities of the WCG. These resolutions originate from the discussions the Committee had with the departments and entities, while conducting oversight over the annual reports for the financial year under review. It should be noted that these resolutions are transversal in nature and requests the attention of the entire WCG, which includes all departments and entities, as follows:

Matter	Resolution	Due date
<p>Broad-Based Black Economic Empowerment (BBBEE)</p> <p>While engaging the departments and entities on the status of their BBBEE compliance rate, the Committee became aware that there is a challenge with the certification of the departments and entities, who are of the opinion that they do prescribe to the BBBEE prescripts, but that the annual certification costs are too much just to indicate that they are compliant to the prescript .</p>	<p>4.1. That the Public Accounts Committee engage the relevant stakeholders to determine the most effective way forward on this matter.</p>	<p>Briefing to be scheduled by the Public Accounts Committee.</p>
<p>Compliance Audits versus Performance Audits</p> <p>The Committee recognises the constant year-on-year clean audit outcomes of most of the departments and entities of the WCG. The Committee is of the opinion that there should be a move</p>	<p>4.2. That the Public Accounts Committee engage with the AGSA, Audit Committee and the Provincial Treasury to ascertain whether the WCG is at a state of readiness to conduct performance audits.</p>	<p>Briefing to be scheduled by the Public Accounts Committee.</p>

towards performance auditing in order to audit the value for money appropriated to departments and entities in relation to their service delivery mandates.		
<p>Transfers of funds from departments to municipalities in the Western Cape</p> <p>The Committee engaged the departments on the annual financial statements of departments and entities. The Committee is interested to engage departments on the value for money that were derived from the transfers that were made to the municipalities. The Committee has a keen interest on the transfers that were made to Beaufort West and Cederberg municipalities with the aim to assist these municipalities in rendering a quality service to the residents of the jurisdictions.</p>	4.3. That the Public Accounts Committee engage with the respective departments and entities and engage them on funds that were transferred to municipalities.	Briefing to be scheduled by the Public Accounts Committee.
<p>Componentisation of assets</p> <p>The Committee noted the repeated briefings of the Auditor-General of South Africa regarding the componentisation of assets and that departments are encouraged to componentise assets in their asset registers as it will become a requirement in future. The effective date to componentise assets has not been determined yet.</p>	4.4. That the Public Accounts Committee engages with Provincial Treasury on the readiness of the departments and entities of the WCG on this matter.	Briefing to be scheduled by the Public Accounts Committee.

5. General Findings

Having considered the reports of the Auditor-General of South Africa (AGSA) and the Audit Committees, and having heard evidence from the executive members (the Premier and Ministers), the heads of department (Director-General and Heads of Department (HODs), the Chief Executive Officers and Board members of the public entities and members of the public in attendance at the discussions on the 2021/22 annual reports of the Departments and public entities of the Western Cape Provincial Government, the Committee wishes to report as follows:

The Committee acknowledges the assurances that were provided by the first level (departmental management and leadership), second level (internal independent assurance and oversight), and the third level (standing committees) providers. These three levels of assurances were instrumental in ensuring that risks were mitigated and ensured that the departments and entities strive towards an improved audit outcome.

The Committee congratulates the Western Cape Department of Health for achieving and sustaining a clean audit outcome. The Committee further notes the unchanged audit outcomes of the following auditees, where unqualified audit outcomes were recorded by the AGSA, with findings on some matters. These auditees include the Western Cape Education Department, Department of Human Settlements and CASIDRA. Furthermore, the Committee notes the regressed audit outcome of WESGRO from an unqualified audit outcome with findings in the 2020/21 financial year, to a qualified audit outcome with findings in the 2021/22 financial year. The Committee will engage these departments and entities with the view to support them in improving their audit outcomes for the 2022/23 financial year.

The Public Accounts Committee aims to, in the 2022/23 financial year, engage the AGSA on any performance audits reports on issues, if such reports become available.

The recommendations of the Public Accounts Committee to the departments and entities of the Western Cape Government are stated below, including any requests for information, as follows.

Part A: Findings which relates to Departments

6.1 Department of the Premier

The Committee noted the audit opinion of the AGSA regarding the annual financial statements for the 2021/22 financial year of the Department, having obtained a clean audit outcome. This audit opinion remains unchanged from the 2020/21 financial year.

6.2 Audit Opinion

The AGSA raised no findings with the Department on compliance with laws and regulations, predetermined objectives nor internal control deficiencies.

6.3 Financial Management

For the financial year under review, the Department of the Premier spent R1,702 billion from an appropriated budget of R1,745 billion, which resulted in an under-expenditure of R42,509 million (97,5% budget spend). However, for the 2020/21 financial year, the Department spend R1,610 billion of an appropriated budget of R1,616 billion, which resulted in an under-expenditure of R6,593 million (99,6% spend). The under-expenditure of R42,509 million occurred under the following programmes:

- Programme 1: Executive Support (R1,845 million)
- Programme 2: Provincial Strategic Management (R7,352 million)
- Programme 3: People Management (R7,878 million)
- Programme 4: Centre for e-Innovation (R18,182 million)
- Programme 5: Corporate Assurance (R6,615 million), and
- Programme 6: Legal Services (R664 000).

The underspending within the programmes were mainly due to:

- staff exits and on Goods and Services,
- the impact of the Covid-19 pandemic on the roll out of the Commissioner for Children projects;
- the COVID-19 fourth wave not being as severe as initially anticipated and directives from national Health received late in Quarter 4 to focus on youth in the vaccine campaign.
- the postponement of the VPI@schools project;
- efficiency saving on recruitment contracts;
- a delay in finding a suitable service provider for the Employee Engagement Tool;
- delays in the procurement of TeamMate upgrade due to problems with SITA's procurement processes; and
- underspending under machinery and equipment which was due to challenges with SITA's procurement processes.

In addition, the total estimated Departmental revenue budget of R1,602 million was over-collected by R2,857 million, which resulted in a total departmental receipt of R4,459 million. The revenue over-collection occurred under the following line items:

- Interest, dividends and rent on land (R14 000);

- Sale of capital assets (R5 000); and
- Financial transactions in assets and liabilities (R3,424 million).

The revenue under-collection occurred under the line-item *sale of goods and services other than capital assets* (-R586 000).

6.4 Resolution/s

BACKGROUND/ CONCERNS	RESOLUTIONS	ACTION DATE
<p>Pages: 5 of the Auditor-General Briefing Report.</p> <p>Description: The Committee notes the concern expressed by the Auditor-General in terms of the fact that the Department has oversight over the human resources function of the Western Cape Government (WCG) through the Corporate Service Centre. There seems to be an increase in the erroneous overpayments to employees of the WCG which could risk being classified as future fruitless and wasteful expenditure.</p>	<p>6.4.1. That the Department develop and implement a mechanism to address the concern raised by the AGSA; including the measures in place to mitigate this risk.</p> <p>6.4.2. That the Department brief the Committee on the overpayments of staff of the WCG over the 2019/20, 2020/21 and 2021/22 financial years.</p>	To be scheduled by the PAC.
<p>Pages: 172 of the Annual Report.</p> <p>Description: The Committee notes that the Department experienced underspending due to various reasons as aforementioned.</p>	6.4.3. That the Department brief the Public Accounts Committee on the impact of the under expenditures on the operations of the Department, including the action plans developed and implemented to avoid a similar future recurrence.	To be scheduled by the PAC.
<p>Pages: 172 of the Annual Report.</p> <p>Description: The Committee notes that the Department experienced an underspending due to delays in the procurement of the TeamMate licence renewal due to problems with SITA's procurement processes.</p>	6.4.4. That the Department brief the Public Accounts Committee on how the matter was, or will be, resolved; including how a recurrence of a similar nature can be avoided.	To be scheduled by the PAC.

None

9. Western Cape Education Department

The Committee noted the audit opinion of the AGSA regarding the annual financial statements of the Department for the 2021/22 financial year, having obtained an unqualified audit report with findings on compliance with key legislation relating to strategic planning and performance management; including findings on predetermined objectives and internal control deficiencies. This audit opinion remains unchanged from the 2020/21 financial year, where the Department achieved an unqualified audit outcome with findings on compliance with key legislation which relates to financial statements, performance and annual reports; including findings on its predetermined objectives and internal control deficiencies.

9.1 Audit Opinion

The AGSA raised findings with the Department on compliance with key legislation relating to strategic planning and performance management; including findings on predetermined objectives and internal control deficiencies.

The material finding on the usefulness and reliability of the performance information of the selected programme is as follows:

Programme 2: Public Ordinary School Education

POI 202: Percentage of learners retained in the school system from Grades 1-9

The source information for measuring the planned indicator was not clearly defined and related systems and processes were not adequate to enable consistent measurement and reliable reporting of performance against the predetermined indicator definitions. As a result, limitations were placed on the scope of the work and was therefore, unable to audit the reliability of the achievement of 82.2% reported against target 68% in the annual performance report.

POI 208: Percentage of learner with textbooks in every subject in every grade

The department reported the indicator as “not applicable” for its achievement against a target of 40% in the annual performance report. However, the supporting evidence provided materially differed from this reported achievement.

Other matters relating to predetermined objectives

Achievement of planned targets: Refer to the annual performance report on pages 66 to 69 for information on the achievement of planned targets for the year and management’s explanations provided for the under-/overachievement of targets.

Adjustment of material misstatements: There were material misstatements in the annual performance report which was submitted for auditing. These material misstatements were in the reported performance information of programme 2: Public Ordinary School education. As management subsequently corrected some of the misstatements, AGSA raised material findings on the reliability of the reported performance information. Those that were not corrected are reported.

Internal control deficiencies

The AGSA considered internal control relevant to the audit of the financial statements, reported performance information and compliance with applicable legislation; however, the AGSA's objective was not to express any form of assurance on it.

The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on the performance report and the findings on compliance with legislation included in this report.

Leadership did not exercise oversight responsibility regarding performance reporting, compliance and related internal controls as the implemented action plan was not adequate. This, together with the review processes for the performance report was not effective and adequate which resulted in misstatements identified. The actual achievement reported was not supported by documented evidence.

Financial Management

During the financial year under review, the Department spent R25,335 billion of an allocated budget of R25,388 billion, which resulted in an under-expenditure of R32,347 million (99,9% budget spend). Compared to the 2020/21 financial year, the Western Cape Education Department spent R24,008 billion of an appropriated budget of R24,564 billion, which resulted in an under-expenditure of R556,321 million (97,7% budget spend).

The overall under-spending within the Department occurred under the following programmes:

- Programme 1: Administration (R3,410 million);
- Programme 2: Public Ordinary School Education (R8,872 million);
- Programme 4: Public Special School Education (R7,441 million); and
- Programme 7: Examination and Education Related Services (R12,624 million).

The reasons for the underspending per programme can be referenced on page 13 of the Annual Report of the Department.

During the financial year under review, the Department's departmental receipt estimated revenue budget of R25,171 million was over-collected by R1,590 million, which resulted in a departmental receipt of R26,761 million. In addition, for the 2021/22 financial year, the Department's departmental receipt estimated revenue budget of R24,710 million was over-collected by R4,382 million, which resulted in a departmental receipt collection of R20,328 million.

The revenue over-collection was collected under the following line items:

- Sale of goods and services other than capital assets (R854 000 under-collection);
- Fines, penalties and forfeits (R164 000);
- Interest, dividends and rent on land (R1,370 million under-collection); and
- Financial transactions in assets and liabilities (R3,650 million).

A portion of the funds received from the Informal Settlements Upgrading Partnership Grant (ISUPG) were transferred to Bitou Municipality, based on an agreed payment schedule without notification of and approval of the transfer, by National Treasury, as required by section 16(3) and 16(3)(a)(ii)(bb) of the Division of Revenue Act No 9 of 2021.

Expenditure management

Effective and appropriate steps were not taken to prevent irregular expenditure amounting to R718 897, as disclosed in note 24 to the annual financial statements, as required by section 38(1)(c)(ii) of the Public Finance Management Act 1 of 1999 (PFMA) and treasury regulation (TR) 9.1.1. The irregular expenditure was caused due to the supplier not being tax compliant on the date of award.

Finding on material irregularity

The material irregularities were identified as follows:

Finance linked individual subsidies (FLISP), which are funded by the Human Settlements Development Grant (HSDG), was incorrectly calculated and paid to beneficiaries in terms of the National Housing Code of 2009, which resulted in a material financial loss of R22 million. However, it was reported that the AGSA satisfied itself that appropriate action has been taken to resolve the material irregularity.

Finding on internal control deficiencies

The matters which related to the findings on the internal control deficiencies within the Department were contained within Programme 3: Housing development and Programme 4: Housing and asset management. The report of the AGSA which highlights these findings can be read under notes 38 to 41 on page 124 of the Annual Report.

25. The Western Cape Tourism, Trade and Investment Promotion Entity (WESGRO)

The Committee noted the Auditor-General's audit opinion regarding the Entity's Annual Financial Statements for the 2021/22 financial year, having obtained a qualified audit opinion, with findings on key legislation, predetermined objectives and deficiencies in its internal control. During the 2020/21 financial year, Wesgro received an unqualified audit outcome with findings on predetermined objectives, as well as internal control deficiencies. This audit opinion regression from the 2020/21 audit outcome.

25.1 Audit Opinion

The Auditor-General of South Africa raised some findings on key legislation, predetermined objectives and deficiencies in its internal control.

Findings by the AGSA:

Annual financial statements and annual report

The financial statements submitted for auditing were not prepared in accordance with the prescribed financial reporting framework, as required by section 55(1)(b) of the PFMA. Material misstatements of non-current assets, revenue, expenditure and disclosure items identified by the auditors in the submitted financial statements were corrected, but the uncorrected material misstatements resulted in the financial statements receiving a qualified opinion.

Asset management

The Entity did not determine if any other state institution involved in education and/or training required computer equipment before disposal of such equipment, as required by Treasury Regulation 16A.7.7.

Expenditure management

Effective and appropriate steps were not taken to prevent irregular expenditure amounting to R1,793 million as disclosed in note 34 to the annual financial statements, as required by section 51(1)(b)(ii) of the PFMA. Most of the irregular expenditure was caused by non-compliance with supply chain management regulations.

Consequence management

I was unable to obtain sufficient appropriate audit evidence that disciplinary steps were taken against officials who had incurred irregular expenditure as required by section 51(1)(e)(iii) of the PFMA. This was because investigations into irregular expenditure were not performed.

Procurement and contract management

Some of the competitive bids were adjudicated by a bid adjudication committee that was not composed in accordance with the policies of the public entity, as required by Treasury Regulation 16A6.2 (a) and (b). Some of the contracts were awarded to suppliers whose tax matters had not been declared by the South African Revenue Services to be in order as required by Treasury Regulation 16A9.1(d). In addition, some of the contracts and quotations were awarded to bidders based on functionality criteria that were not stipulated in the original invitation for bidding and quotations, as required by the 2017 Preferential Procurement Regulation 5(1) and (3).

Internal control deficiencies

Action plans were not implemented timeously to address the prior year audit findings which resulted in sufficient and adequate reviews not being performed on the correction of the prior period errors, estimates of useful lives of assets and year end reports. Management did not implement adequate preventative controls to address prior year procurement and contract management findings. A misalignment between the supply chain management policy and financial policies tailored for operations resulted in management not adequately monitoring compliance with laws and regulations relating to supply chain management and expenditure management.

The instability at leadership level during the financial year affected the various levels of oversight displayed and the action to address the irregular expenditure identified in accordance with the legislative requirements, thereby resulting in consequences not being implemented by year-end.

The annual performance plan was not adequately reviewed to ensure that the technical indicator description provided enough information about the measurement of the target, thus ensuring that the indicator description is well defined. Management did not have sufficient and adequate documented and signed standard operating procedures defining what supported means and how the estimated economic value relates to the indicator. This resulted in an ambiguous understanding of the indicator when planned.

25.2 Financial Management

During the financial year under review, the Entity spent R138,112 million of an appropriated budget of R134,783 million; which resulted in an over-expenditure of R3,329 million (102% budget spend). 30. Conclusion

The Committee thanked the Premier, Ministers, Director-General and Heads of Department, the Auditor-General of South Africa, the audit committees and all other role players, for the information provided towards ensuring efficient and productive oversight outcomes in terms of this process.

It should be noted that the public was invited to participate in the 2021/22 financial year annual reports process through placing adverts in various newspapers in the Western Cape. No inputs were received from the members of the public in the meetings of the Public Accounts Committees with the Departments and entities on their annual reports. The Committee is of the view that in order to increase public interest, knowledge and participation in this important oversight process, that more community organisations and members of the public should be invited to engage in this important process

The Committee also acknowledges the important role that the administrative staff embarked on for this Committee to have achieved its set goal, during this season of annual reporting.

Report to be considered.
