NOTICES OF MOTION ***(15 June 2023)***

1. Ms L M Maseko: That the House, recognising that Youth Day is approaching, acknowledges the commendable efforts of the Western Cape Government in organising a youth empowerment open day in Gugulethu, which aims to provide the youth in the greater Gugulethu area with access to various empowerment opportunities; notes the Department of Infrastructure will host similar youth empowerment sessions throughout the province in the coming weeks; commends the remarkable progress achieved through the Conradie Park Apprenticeship Programme, which is currently catering to the needs of 100 young individuals; notes that the programme offers monthly stipends to incentivise the participants; notes that, during a recent conversation with the Minister, 23-year-old Jordan Samuels expressed her deep appreciation for the programme, highlighting its personal significance and impact on her life; commends the great work being done by the Masakh'iSizwe (MiS) Busary Programme; notes that Minister Simmers awarded bursaries to 96 young people for the 2023 academic year; notes that the new bursary recipients were deeply honoured to be accepted into the MiS Bursary Programme in their respective academic disciplines; further notes that the bursary offers support for full-time studies towards a degree or diploma in the transport, engineering and built-environment disciplines; commends the DA-led Western Cape Government's commitment to prioritise and support the youth, who are undeniably the most vital demographic within our society; and notes that they represent the future of our country and possess the potential to drive significant positive change.

2. Ms D M Baartman: That the House notes with pride the imminent construction of the Lunar Exploration Ground Site (LEGS) at Matjiesfontein in the Karoo; notes the fact that Matjiesfontein has been chosen for this purpose for its ideal location, climate and existing infrastructure; notes that this facility, constructed on behalf of the United States National Air and Space Administration (NASA), will play an important role in the Artemis III mission that aims to return human explorers to the surface of the Moon for the first time since the Apollo 17 mission in December 1972; notes that the Artemis III missions are intended not only to send the first ever woman and person of colour to the surface of the moon, but also to establish a base for human lunar habitation; and expresses its immense pride in Matjiesfontein and the Western Cape's role in this exciting next giant leap for humankind's exploration of the cosmos.

3. Mr C M Dugmore: That the House expresses its deep concern about the impact of flooding on the lives of people across the province and believes that once again the DA's refusal to make land available to those in need, as well as the lack of a proactive strategy to lessen the impact of flooding, adds to the misery of the poor and landless; therefore resolves that the House establishes an ad-hoc committee to investigate the current situation in regard to flood damage and makes recommendations to deal with land availability and other

measures to reduce the impact of flooding across the Western Cape; and further calls for the urgent establishment of the Environmental Commissioner to implement climate-change mitigation measures that are required.

4. Mr M Kama: That the House urges the provincial government to constitute immediately the Provincial Sports Council, which should, among other things, adjudicate on disputes of sports federations in the Western Cape; notes that the continuing disputes in sports federations are against all efforts of sports development; and notes that the Council should be appointed through fair and equal participation of different stakeholders in different sporting codes.

5. Mr M Kama: That the House urges the Premier to increase the budget for youth development; notes that a youth directorate in the Office of the Premier should be established with the aim to coordinate all youth programmes in his government and support the establishment and running of youth development offices on local government level; and his government should immediately advertise all government-funded posts and deliberately target young people and women for recruitment.

6. Ms R Windvogel: That the House welcomes the passing of the National Health Insurance (NHI) Bill in South Africa; notes that this momentous occasion marks a significant milestone in our journey towards achieving universal healthcare for all our citizens; notes that the NHI Bill represents a profound commitment to improving the quality and accessibility of healthcare services across the nation; notes that it is a testament to our collective efforts in building a fair and equitable healthcare system that prioritises the well-being of every individual; notes that, with the implementation of the NHI, we envision a future where no South African is denied essential medical care due to financial constraints; notes that this transformative legislation will ensure that everyone, regardless of their socio-economic background, can access the healthcare services they need and deserve; and celebrates this milestone and embrace a future where health is a fundamental right for all.

7. Ms N G Bakubaku-Vos: That the House notes the poor drainage system in the Drakenstein Municipality in the Western Cape; notes that the drainage system is in its worst condition and has been so for years; notes that the DA is doing nothing to invest in infrastructure and they have been unmoved for years while these floods continue to terrorise our people; notes that, with just some rain for 10 to 30 minutes, the streets are fully blocked; and calls on the provincial government to investigate this problem as the rain season has started.

8. Mr M K Sayed: That the House notes and is deeply disturbed by the recent racist incidents at the Westerford High School in Cape Town, which are currently under investigation; notes that such behaviour is not only reprehensible, but also goes against the core values of respect, inclusivity and equality that should be upheld in our educational institutions; notes that racists, unfortunately, feel comfortable in the DA-governed Western Cape due to the DA's defence of institutionalised racism; stands firmly against any form of discrimination or prejudice and expresses our solidarity with the affected learners and their families; and notes that it is crucial that the school administration takes decisive action after investigating these incidents thoroughly and holds those responsible accountable for their actions.

9. Mr M Kama: That the House notes the excellent performance by the Cape Town Spurs Football Club that has been promoted to the DSTV Premiership after five years in the national first divisions; notes that the Cape-born legendary and ultimate warrior, Shaun

Bartlett, who is the head coach, is the person who made all this possible; notes that his career as a senior football player started at this very same team; calls on the Western Cape Government and local authorities to increase their support for our provincial teams that participate in South Africa's top level league; notes that a progressive government should realise and take the opportunity of using sport to address social ills faced by young people; notes that football in the Western Cape has the most participation and membership, mostly from poor and crime-ridden areas, but it is poorly funded in the province; notes that the promotion of Cape Town Spurs brings our teams to three in the top league; notes that this victory of Cape Town Spurs reminds us of and should encourage all football-loving people in the Western Cape to never lower their guard in defence of the Athlone Stadium, the pride of Cape Town's football history; and let us use football to kick crime for touch.

10. Mr M K Sayed: That the House notes with deep concern that the unplaced learner crisis persists in the Western Cape as we discover daily more cases of parents who applied timeously and correctly, but are getting rejected by all schools they applied to; further notes that Ms Mqikela applied for her daughter at five different schools, namely Glendale High School, Mondale High School, Spine Road Secondary School, Portlands High School and Cedar High School; further notes that Mr Banjwa has written to the WCED to express his disappointment after he applied to eight different schools for his niece who is currently in Grade 7 at the Claremont Primary School and the application was unsuccessful at all the schools with no valid reasons given; laments the continued weaponisation of admissions and language policies to keep black learners (African, coloured and Indian) out of former model C schools; and calls on Minister Maynier to attend to this matter as the lie of late applications and the migration of learners from other provinces will not be accepted by the public.

11. Ms N G Bakubaku-Vos: That the House notes with deep concern that 10 households at Smartie Town in the Drakenstein Municipality have been without electricity for eight months due to cable theft; further notes that when the matter was reported to the municipality, it ordered each household to pay R3 000 for the cable and another R3 000 to get a certified electrician to install it, which would cost each household a total of R6 000; calls on the Premier and the Minister of Local Government to intervene as the people do not have this amount, as most of them are unemployed and depend on social grants; also calls on the Minister of Social Development to intervene as there are two people living with disabilities who are affected, as well as seven pensioners and 11 children, and who cannot cope with living without electricity during the winter.

10. Mnr M K Sayed: Dat die Huis met diepe kommer kennis neem dat die krisis van ongeplaaste leerders in die Wes-Kaap voortduur, aangesien ons daagliks meer gevalle ontdek van ouers wat betyds en korrek aansoek gedoen het, maar afgekeur word by alle skole waar hulle aansoek gedoen het; verder kennis neem dat me Mqikela vir haar dogter by vyf verskillende skole aansoek gedoen het, naamlik Glendale High School, Mondale High School, Spine Road Secondary School, Portlands High School en Cedar High School; verder kennis neem dat mnr Banjwa aan die WKOD geskryf het om sy teleurstelling uit te spreek nadat hy by agt verskillende skole aansoek gedoen het vir sy niggie wat tans in graad 7 by die Claremont Primary School is en die aansoek onsuksesvol was by al die skole met geen geldige redes wat verstrek is nie; die voortgesette bewapening van toelatings- en taalbeleide om swart leerders (swart, bruin en Indiër) uit voormalige model C-skole te hou betreur; en ŉ beroep op Minister Maynier doen om aandag te skenk aan hierdie saak aangesien die leuen van laat aansoeke en die migrasie van leerders uit ander provinsies nie langer deur die publiek aanvaar sal word nie.

gryp aangesien die mense nie hierdie bedrag kan bekostig nie, aangesien die meeste van hulle werkloos is en van maatskaplike toelaes afhanklik is; ook 'n beroep op die Minister van Maatskaplike Ontwikkeling doen om in te gryp aangesien daar twee mense met gestremdhede is wat geraak word, asook sewe pensioentrekkers en 11 kinders, wat nie in die winter sonder elektrisiteit sal kan leef nie.
